Career Objective

I am a Computer Science undergraduate with hands-on experience in **Python**, **Django**, and **full-stack web development**. I build practical, real-world applications — from academic portals to AI-integrated search systems — and I am actively seeking an entry-level **Software Engineer** or **Web Developer** role where I can contribute, grow, and create meaningful impact.

Education

QIS College of Engineering and Technology — **2023 – 2027**
Bachelor of Technology in Computer Science and Data Science Engineering — *CGPA: 8.50 (Current)*

Sri Netaji Vikas Junior College — **2021 – 2023**
Higher Secondary Education, MPC, BIEAP Board — *Percentage: 87.8%*

Ravi E.M High School — **2021**
Secondary Education, SSC Board — *Percentage: 100.0%*

Skills

Programming Languages:	Python, Java (Basic)
Web Development:	HTML, CSS, JavaScript (Basic), Responsive Design, PWA
Frameworks & Libraries:	Django, FastAPI, React.js, REST APIs
Databases:	MySQL, PostgreSQL
Concepts & Tools:	Role-Based Access Control (RBAC), Google APIs, Semantic Search

Projects

Students Media HUB — Academic Resource Portal *(Django, MySQL, Google APIs, JavaScript)*

- Built a Django-based web portal centralising study materials for **1,000+ active student users**, reducing manual resource-sharing time by an estimated 60%.
- Engineered a **Role-Based Access Control (RBAC)** system with three user tiers (Admin, Faculty, Student) for automated content permissions and secure data handling.
- Integrated a **semantic "Ask AI" search engine** using Google APIs, cutting average research time per query by 40%.

Internships

Infosys Springboard — **June 2026 – August 2026**
Virtual Internship — Python Domain (Springboard 7.0) — *Remote*

- Developed a full-stack **Recurring Revenue, Subscription & Billing Automation Platform**.
- Implemented subscription management, billing, invoices, payments, analytics dashboard, multilingual UI, responsive design, and PWA features.
- **Tech Stack:** FastAPI, Python, PostgreSQL, and React.js.

Certifications

Python Complete Course for Beginners — Udemy
Google AI-ML — Google for Developers (India Edu Program)
Data Analytics with Python — NPTEL
